

PAINTCO POLY FLOOR COATING 4201

DESCRIPTION

- Paintco Polyfloor Coating is a Polyurethane - one pack - based paint and is abrasion resistant coating suitable for application over concrete or over steel surfaces. It can be used for internal and external surfaces. The coating is highly resistant to hot sun, rain and mild household chemicals. Fully cured coating is able to withstand abrasion.

PHYSICAL DATA

Pigments	:	Rutile titanium dioxide and / or colour pigments and quartz.
Colours	:	White and colours
Appearance	:	Matt
No.of components	:	One
Specific gravity	:	Approx. 1.40
Solids by volume	:	Approx. 48%
Drying time at 30°C	:	Dust dry : 1 hour Hard dry : 8-10 hours
Curing time before putting it to use	:	Min. 24 hours
No of coats	:	Minimum two coats
Theoretical coverage at 60 Mic. DFT:	:	8m ² / litre
Flash Point	:	26°C

APPLICATION DATA

Application method	:	Brush, shortnap roller and spray
Thinner	:	Thinner No.32
Percentage of thinner	:	10% for first coat 5% for second or third coat
Recommended DFT per coat	:	60 Microns

REMARKS

- Store in well-ventilated place; avoid open fires and sparks during paint application.
